STATEMENT OF DARIO G. GOMEZ

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

I, Dario G. Gomez, am an inventor of the subject matter claimed in the above-referenced patent application.

At the time the invention was made I was employed by Allergan, Inc., the parent company of the assignee Allergan Sales, Inc. I was unaware that this continuing application was filed until after the filing date, and therefore had no opportunity to advise Allergan that the inventor information, including the list of inventors, was incomplete. Thus, the incorrect naming of the inventive entity in this patent application was made without deceptive intent on my part; moreover, it is my understanding that such incorrect indication of inventors was an inadvertent error made when the patent application was filed.

Respectfully submitted,

By: Dario G. Gomez
